**COMPLAINT AND
JURY DEMAND**

-against-

CLUB FIT MANAGEMENT, INC., JEFFERSON
VALLEY RACQUET CLUB, INC., DAVID SWOPE,
BETH BECK and BILL BECK,

Defendants.
----- X

1. This is a collective action for unpaid wages under the Fair Labor Standards Act (the "FLSA"). Plaintiffs also assert individual claims under the New York State Labor Law. The defendants in this action are Jefferson Valley Racquet Club, Inc. ("JVRC"), Club Fit Management, Inc. ("Club Fit Management", hereafter with JVRC "Club Fit") and certain members of Club Fit's ownership and management structure: David Swope, Beth Beck, and Bill Beck (collectively, "Defendants"). Plaintiffs are employees at Club Fit, which operates two fitness centers in Westchester County. Club Fit pays its tennis instructors, fitness professionals, personal trainers and other employees (such as swim instructors and café workers) on an hourly basis. Club Fit does not pay its employees time and one-half for all overtime hours worked as mandated by law.

2. Further, Club Fit employees are required to work between ten and twenty-five hours "off-the-clock" per week with no pay at all, working on clerical tasks, attending meetings, cleaning up, communicating with club members and even escorting club members to meets and tournaments. Moreover, employees are not paid "spread of hours" pay when working in excess of ten hours in a single workday.

3. Accordingly, plaintiffs Todd Bazzini, Gregory Leonarczyk, Noah Allen and John Markiewicz ("Plaintiffs"), on behalf of themselves and other similarly situated current and former hourly employees of Club Fit Management and JVRC who elect to opt into this action pursuant to the FLSA, 29 U.S.C. § 216(b), seek: (i) unpaid wages from Defendants for overtime work for which they did not receive overtime premium pay as required by law; (ii) injunctive relief; (iii) liquidated damages; and (iv) payment of attorneys' fees and litigation costs.

4. Plaintiffs further complain that pursuant to the New York Labor Law §§ 650 *et seq.* and the supporting New York State Department of Labor Regulations, 12 N.Y.C.R.R. Part 142 (the "New York Labor Law"), they are entitled to: (i) unpaid wages from Defendants for "off-the-clock" hours worked; (ii) unpaid wages from Defendants for overtime work for which they did not receive overtime premium pay; (iii) "spread of hours" pay for work in excess of ten hours in a single workday; (iv) injunctive relief; (v) liquidated damages; and (vi) payment of attorneys' fees and litigation costs.

JURISDICTION AND VENUE

5. This Court has subject matter jurisdiction over this matter pursuant to 28 U.S.C. §§ 1331, 1337 and 1343, and supplemental jurisdiction over Plaintiffs' state law claims pursuant to 28 U.S.C. § 1367. In addition, the Court has jurisdiction over Plaintiffs' claims under the FLSA pursuant to 29 U.S.C. §§ 201, *et seq.*

6. Venue is proper in this district pursuant to 28 U.S.C. § 1391(b)(ii) because Defendants transact business in this district, Plaintiffs were employed by Defendants in this district, and most of the actions complained of occurred in this district.

7. This Court is empowered to issue a declaratory judgment pursuant to 28 U.S.C. §§ 2201 and 2202.

THE PARTIES

8. Plaintiff Todd Bazzini ("Mr. Bazzini") was, at all relevant times, an adult individual residing New York State. Mr. Bazzini is a former employee of Club Fit and was employed by Defendants from 1993 until August 2006 as a tennis instructor.

9. Plaintiff Gregory Leonarczyk ("Mr. Leonarczyk") was, at all relevant times, an adult individual residing in New York State. Mr. Leonarczyk is a former employee of Club Fit and was employed by Defendants from approximately January 1998 until January 6, 2008 as a tennis instructor.

10. Plaintiff Noah Allen ("Mr. Allen") was, at all relevant times, an adult individual residing in New York State. Mr. Allen is a former employee of Club Fit and was employed by Defendants from approximately February 1995 until October 2005 as a tennis instructor.

11. Plaintiff John Markiewicz ("Mr. Markiewicz") was, at all relevant times, an adult individual residing in New York State. Mr. Markiewicz is a former employee of Club Fit and was employed by Defendants from September 2001 to February 2006 as both a fitness professional and a personal trainer.

12. Defendant Club Fit Management is a New York corporation with its principal place of business at 132 Hawkes Avenue, Ossining, New York, in the County of Westchester. Club Fit Management owns and operates two health club facilities in Westchester County, located in Briarcliff Manor and Jefferson Valley, New York.

13. Defendant JVRC is a New York Corporation with its principal place of business at Bank Road, Jefferson Valley, New York, in the County of Westchester. JVRC is a closely-held corporation which, along with Club Fit Management, owns and operates the Jefferson Valley facility under the name Club Fit.

14. Defendant David Swope has an ownership interest in Club Fit Management and JVRC. He is personally responsible for implementing and enforcing Club Fit's wage and hour policies.

15. Defendant Beth Beck has an ownership interest in Club Fit Management and JVRC and is President of both companies. She is personally responsible for implementing and enforcing Club Fit's wage and hour policies.

16. Defendant Bill Beck is Vice President of Club Operations for Club Fit Management and JVRC. Upon information and belief, Bill Beck has an ownership interest in Club Fit and/or JVRC. He is personally responsible for implementing and enforcing Club Fit's wage and hour policies.

17. Defendants referred to in paragraphs 14 through 16 are collectively referred to herein as "Individual Defendants."

COLLECTIVE ACTION ALLEGATIONS

18. Pursuant to 29 U.S.C. § 207, Plaintiffs seek to prosecute their FLSA claims as a collective action on behalf of all hourly employees, within the meaning of the FLSA, who were not paid appropriate overtime compensation within three years of the date of the filing of this Complaint (the "Collective Action Members").

19. Plaintiffs bring their FLSA claims on behalf of all persons who worked for Club Fit on an hourly basis at any time from three years prior to the filing of this Complaint to entry of judgment.

20. Throughout the time of Plaintiffs' employment with Defendants and, upon information and belief, throughout the last three years (the "Collective Action Period") and continuing until today, Defendants have employed other individuals like Plaintiffs in hourly positions which are not exempt from the overtime rules pursuant to the FLSA (as well as the

New York Labor Law). Such positions include, but are not limited to, tennis instructors of various titles, swimming instructors, fitness instructors, personal trainers, and café workers. These workers, like Plaintiffs, were not paid appropriate overtime.

21. In addition, Defendants have intentionally and repeatedly engaged in a practice of requiring non-exempt employees to work "off-the-clock" hours without compensation.

22. There are numerous similarly-situated current and former hourly employees of Club Fit who have worked over forty hours a week without appropriate overtime pay and been forced to work numerous "off-the-clock hours" in violation of the FLSA and who would benefit from the issuance of a court-supervised notice of the present lawsuit and the opportunity to join in the lawsuit pursuant to 28 U.S.C. § 216(b). Those similarly-situated employees are known to Defendants, are readily identifiable, and can be located through Defendants' records. As such, notice should be sent to past and present hourly employees of Club Fit.

STATEMENT OF FACTS

23. At all relevant times, Defendants, under the name Club Fit, operated health club facilities in Briarcliff Manor and Jefferson Valley, New York. Both facilities are located in Westchester County.

24. JVRC and Club Fit Management constitute a single enterprise.

25. Each of Defendants is an employer as defined by the FLSA and the New York Labor Law.

26. Plaintiffs were hourly employees of Defendants.

27. Plaintiffs each received an IRS Form W-2 from Defendants on an annual basis. Plaintiffs never received a Form 1099-MISC from Defendants.

28. Plaintiffs were not independent contractors.

29. Plaintiffs' work for Club Fit did not involve work that falls within any exemption from the overtime rules pursuant to New York Labor Law or the FLSA.

30. In the course of their employment, Mssrs. Bazzini, Allen and Leonarczyk provided tennis instruction to members of Defendants' health clubs and performed other duties, such as clerical work and tournament work, which included travelling to, staffing, and coaching Club Fit members at tournaments. They were paid on an hourly basis for the hours worked at tennis instruction ("Court Hours") and, with very minor exceptions, not paid at all for clerical work and were only paid for a small portion of tournament work.

31. Mr. Markiewicz's work as a fitness professional required him to work approximately forty hours per week on the floor of Club Fit's gym, monitoring the operations of the gym, cleaning up and attending to Defendants' club members. In addition, he worked up to twenty additional hours per week as a personal trainer, providing individualized fitness instruction to Defendants' club members. Mr. Markiewicz received no overtime for hours worked as a personal trainer.

Plaintiffs Did Not Receive Pay For All Off-The-Clock Hours Worked

32. In addition to those hours actually recorded and paid by Defendants, Plaintiffs were required to work an additional ten to twenty-five hours per week performing clerical and other office tasks, attending staff meetings, communicating with club members, creating and maintaining training regimens, escorting Defendants' club members to tennis tournaments and other off-the-clock duties ("Off-The-Clock Hours").

33. During the relevant period, Mssrs. Bazzini and Markiewicz were not paid for any of the duties that were performed as Off-The-Clock Hours.

34. Mr. Leonarczyk received payment for a small portion of clerical duties he performed in early 2003. He was paid for less than ten hours for clerical work in all of 2004.

35. With the exception of Mr. Leonarczyk's ten hours of pay in 2004, Defendants stopped compensating the tennis instructors for any hours worked outside of their scheduled Court Hours in 2003.

Clerical Work

36. As part of the unpaid clerical work, Plaintiffs were required to call and confirm appointments of club members. Plaintiffs were cautioned by defendants that if the club members did not show up for scheduled lessons, Plaintiffs would not be paid.

37. After 2003, under the title "Tennis Manager," Mr. Allen continued to be paid for a small portion of the clerical work that he performed until 2005 when he was demoted by Defendants to "Head Tennis Professional." Mr. Allen was thereafter required to continue to perform the same clerical duties he had been performing as "Tennis Manager" without pay.

38. Mr. Allen was demoted to "Head Tennis Professional" in retaliation for expressing his wage and hour grievances to Defendants and attempting to mobilize his co-workers in connection with those claims.

39. Upon information and belief, Mr. Allen was the only hourly employee paid for these clerical duties after 2003.

40. Thereafter, the tennis staff was repeatedly told by Defendants that they were not entitled to any compensation for Off-The-Clock Hours.

Tournament Work

41. Mr. Leonarczyk and Mr. Allen were also required to work at both tournaments held at Club Fit and off-site.

42. With respect to the off-site tournaments, Mr. Leonarczyk and Mr. Allen were required by Defendants to escort club members to tournaments at other clubs in the tri-state area. They were required by Defendants to drive Defendants' club members to the off-site

tournaments, provide coaching before, during and after the tournaments, and chaperone the activities of Defendants' minor club members for as long as four days at a time.

43. Though they acted for the benefit of their employer, Mr. Leonarczyk and Mr. Allen received no compensation from Defendants for their work. Moreover, Plaintiffs were unable to log any Court Hours while away at these off-site tournaments. Only after Defendants' club members were eliminated from an off-site tournament could Plaintiffs return to the club and log additional Court Hours for which they would be paid.

44. Perversely, the better Defendants' club members performed in the tournaments with the assistance of Plaintiffs, the longer Plaintiffs were required to work without compensation and the longer Plaintiffs were prevented from logging Court Hours.

45. Despite the economic hardship caused by working the off-site tournaments without pay, Defendants made Plaintiffs and other employees aware that their refusal to work the tournaments would result in the termination of their employment or other retaliatory action.

46. Mr. Leonarczyk and Mr. Allen were also required to work at tournaments held at Club Fit. For these tournaments, Plaintiffs were allowed to record three and one-half hours of court time, despite the fact that the tournaments generally lasted more than six hours and frequently ran until one or two o'clock in the morning. They were also required to clean up the courts after tournaments without pay.

47. Plaintiffs are entitled to compensation for all unpaid Off-The-Clock Hours worked.

Plaintiffs Did Not Receive Overtime Or "Spread Of Hours" Pay

48. Mssrs. Allen, Leonarczyk and Bazzini regularly worked more than forty hours per workweek in Court Hours alone for which they did not receive overtime compensation.

Plaintiffs were paid for the Court Hours that they were permitted to log in excess of forty at their regular hourly rate, not at time and one-half.

49. Mr. Markiewicz regularly worked approximately forty hours as a fitness professional alone. He invariably worked more than forty hours per workweek when his Off-the-Clock and personal training hours are included, but he received no overtime compensation for any hours worked as a personal trainer, and no compensation at all for any Off-The-Clock hours.

50. In addition, Plaintiffs almost invariably worked more than forty hours per workweek including both Off-The-Clock Hours and recorded hours for which they did not receive overtime compensation. Plaintiffs, with very few exceptions, received no compensation at all for Off-The-Clock Hours, let alone appropriate overtime compensation.

51. Plaintiffs regularly worked more than ten hours in a single workday, and never received "spread of hours" pay pursuant to the New York Labor Law.

52. Plaintiffs are entitled to overtime premium pay at a rate of one and one-half times the regular rate, for all hours worked over forty hours per workweek pursuant to New York Labor Law and the FLSA.

53. Plaintiffs are entitled to "spread of hours" pay for days when they worked more than ten hours in a single workday pursuant to New York Labor Law.

Defendants Failed To Keep Sufficient Time Records

54. Defendants have assigned and/or been aware of all the work that Plaintiffs have performed.

55. Throughout all relevant time periods, Defendants failed to maintain accurate and sufficient time records.

56. For example, Defendants maintained no records of Plaintiffs' Off-The-Clock Hours as required by New York Labor Law and the FLSA. Indeed, Plaintiffs were specifically instructed by Defendants not to record the Off-The-Clock Hours.

57. Defendants also failed to maintain accurate records of hours worked in connection with both off-site and on-site tournaments.

Defendants Willfully Violated The Labor Laws

58. Defendants willfully failed to pay Plaintiffs overtime compensation of one and one-half times Plaintiffs' regular hourly rate.

59. Defendants willfully failed to pay Plaintiffs for Off-The-Clock Hours in violation of the labor laws.

60. Defendants willfully failed to pay Plaintiffs "spread of hours" pay pursuant to the New York Labor Law.

61. Defendants willfully failed to maintain sufficient time records.

62. More than six years ago, Mr. Allen attended a meeting with defendants David Swope and Bill Beck, other members of management and representative employees of each of the Briarcliff Manor facility's departments. The employees, including Mr. Allen, notified Defendants of their entitlement to overtime compensation and compensation for Off-The-Clock Hours.

63. Defendant Swope said that he believed that the employees present at the meeting, including Mr. Allen, were independent contractors and not true employees. Thus, he claimed, they were not subject to the wage and hour restrictions. At the meeting he told Mr. Allen and the other employees at the meeting that he would "look into it."

64. Defendants never followed up with Mr. Allen or the other employees and Mr. Allen continued to be deprived of overtime premium pay, "spread of hours" pay and pay for all Off-The-Clock Hours worked.

65. Defendants lacked any reasonable basis for misclassifying their employees, including Mr. Allen, as independent contractors.

66. Defendants' efforts to retaliate against its employees also demonstrate that their labor law violations were willful.

67. For instance, Mr. Allen was repeatedly told by his superiors that various co-workers would not be permitted to express dissatisfaction with working uncompensated hours and not receiving overtime pay or refuse to work extra hours without compensation, and that if they did, they "would not last at the club." Defendants expected Mr. Allen to make sure those employees "got the message."

68. Indeed, Mr. Allen was demoted from Tennis Manager to Head Tennis Professional in 2005 for attempting to mobilize his co-workers in connection with their unpaid wage claims. Though he was once paid for a small portion of his clerical work, Defendants terminated any compensation for clerical or other additional work in connection with his demotion. Defendants continued to require Mr. Allen to perform these duties as Off-The-Clock Hours without pay.

69. Also in 2005, members of the tennis staff, including Mr. Leonarczyk and Mr. Bazzini, attended a series of meetings with defendant Bill Beck concerning their entitlement to overtime pay and compensation for Off-The-Clock Hours.

70. At one of these meetings, defendant Bill Beck acknowledged to Mr. Leonarczyk, Mr. Bazzini and other tennis instructors that he did not believe that they were exempt from the overtime rules and, in particular, that they were not subject to the exemption for professional

employees. Defendant Bill Beck also informed Mr. Leonarczyk, Mr. Bazzini and those present that they were no longer required to work in excess of forty Court Hours per week.

71. However, defendant Bill Beck instructed the members of the tennis staff present at the meeting that if they discussed their wage and hour grievances or the substance of the meeting with employees in other departments at Club Fit, they would be terminated.

72. This meeting immediately preceded a holiday week, when staffing requirements were light. But within two weeks of defendant Bill Beck's acknowledgement of the fact that the tennis instructors were entitled to overtime, Plaintiffs and the other employees were again scheduled to work in excess of forty Court Hours per week and required to work Off-The-Clock Hours.

73. Thereafter, Defendants continued to fail to pay overtime, "spread of hours" pay and pay for all hours worked. Indeed, despite defendant Bill Beck's admission, it was as if nothing had changed at all.

74. Upon information and belief, Defendants continue to this day to deprive their employees of payment for all hours worked, require mandatory overtime without premium pay, and fail to pay "spread of hours" pay.

Plaintiffs Are Similarly Situated To The Collective Action Members

75. Indeed, Defendants' failure to pay its non-exempt employees for overtime hours worked, Off-The-Clock Hours worked, and "spread of hours" pay, was consistent with Defendants' treatment of all of its non-exempt employees.

76. The Collective Action Members routinely worked in excess of forty hours in a workweek, but Defendants willfully failed to pay them appropriate overtime compensation, required them to work Off-The-Clock Hours without compensation, and failed to pay them "spread of hours" pay when they worked in excess of ten hours in a single workday.

77. Defendants also failed to maintain accurate and sufficient time records of the work of the Collective Action Members. While Court Time and personal training hours were recorded and kept in a database, no records were kept of Off-The-Clock Hours.

78. At all times, Defendants were aware that their failure to pay overtime and require Off-The-Clock Hours was unlawful, but continued to engage in these practices.

79. Plaintiffs frequently heard complaints from members of the tennis, aquatic, fitness, and wellness departments about the lack of overtime and being forced to work Off-The-Clock Hours.

80. These unlawful practices were regularly brought to the attention of management at staff meetings.

81. Mr. Allen attended a meeting more than six years ago where a cross section of Club Fit employees complained of wage and hour violations to defendants David Swope and Bill Beck.

82. During a series of meetings in 2005, Mr. Leonarczyk and other members of the tennis staff were asked by defendant Bill Beck why the tennis instructors should get overtime when none of the other departments did. These meetings culminated in defendant Bill Beck's acknowledgement that the tennis instructors were, in fact, employees, not exempt from the overtime rules and that they would not have to work more than forty hours per week in the future. Defendant Bill Beck threatened that the tennis instructors would be fired if they brought these issues to the attention of the other departments. Defendant Bill Beck's assurance that overtime would no longer be required, of course, lasted about two weeks.

83. The exact number of putative Collective Action Members is presently unknown, but is within the sole knowledge of Defendants and can be ascertained through appropriate discovery.

FIRST CLAIM FOR RELIEF
FAIR LABOR STANDARDS ACT

84. Plaintiffs, on behalf of themselves and all Collective Action Members, reallege and incorporate by reference the paragraphs above as if they were set forth again herein.

85. At all relevant times, Club Fit and JVRC have each had gross revenues in excess of \$500,000.

88. Plaintiffs will consent in writing to be parties to this action, pursuant to 29 U.S.C. § 216(b).

89. At all relevant times, Defendants had a willful policy and practice of refusing to pay overtime compensation to its hourly employees for all hours worked in excess of forty hours per workweek.

90. At all relevant times, Defendants had a willful policy and practice of requiring its hourly employees to work Off-The-Clock Hours performing clerical and tournament duties without any pay, let alone premium overtime pay.

91. As a result of Defendants' willful failure to compensate its employees, including Plaintiffs and the Collective Action Members, at a rate not less than one and one-half times the regular rate of pay for work performed in excess of forty hours in a workweek, Defendants have violated, and continue to violate, the FLSA, 29 U.S.C. §§ 201 *et seq.*, including 29 U.S.C. §§ 207(a)(1) and 215(a).

92. As a result of Defendants' failure to record, report, credit and/or compensate its employees, including Plaintiffs and the Collective Action Members, Defendants have failed to make, keep and preserve records with respect to each of its employees sufficient to determine the wages, hours and other conditions and practices of employment in violation of the FLSA, 29 U.S.C. §§ 201, *et seq.*, including 29 U.S.C. §§ 211(c) and 215(a).

93. The foregoing conduct, as alleged, constitutes a willful violation of the FLSA within the meaning of 29 U.S.C. § 255(a).

94. Due to Defendants' FLSA violations, Plaintiffs, on behalf of themselves and the Collective Action Members, are entitled to recover from Defendants, compensation for: (i) unpaid overtime compensation; (ii) an additional equal amount as liquidated damages; (iii) additional liquidated damages for unreasonably delayed payment of wages; and (iv) reasonable attorneys' fees, costs and disbursements of this action, pursuant to 29 U.S.C. § 216(b).

SECOND CLAIM FOR RELIEF

95. Plaintiffs reallege and incorporate by reference the paragraphs above as if they were set forth again herein.

96. At all relevant times, Plaintiffs were employed by Defendants within the meaning of the New York Labor Law.

98. Defendants' New York Labor Law violations have caused Plaintiffs irreparable harm for which there is no adequate remedy at law.

99. Due to Defendants' New York Labor Law violations, Plaintiffs are entitled to recover from Defendants damages for: (i) Off-The-Clock Hours worked; (ii) overtime premium pay; (iii) "spread of hours" pay; (iv) liquidated damages; (v) reasonable attorneys' fees and costs; and (vi) disbursements of the action, pursuant to the New York Labor Law.

5. I regularly worked over forty hours per week and worked more than one hundred hours in some weeks.
6. My on-court responsibilities included providing group and individual tennis instruction and coaching to Club Fit's members and escorting club members to tournaments.
7. I also had responsibilities off the court. My off-the-court responsibilities included a number of tasks, such as stuffing envelopes, promoting the club, coordinating tennis court schedules, attending weekly staff meetings, contacting club members, and developing lesson plans.
8. Until approximately April 2003, I was paid on an hourly basis at two separate rates: one rate for off-the-court hours and one for on-court hours.
9. After April 2003, I was, for the most part, not paid at all for my off-the-court hours, but continued to be paid for most of my on-court hours, excluding certain tournament hours.

OFF-THE-COURT HOURS

10. Until 2003, I was paid for some of the off-the court hours that I worked, but I was never paid for all off-the-court hours that I worked in a given week. Indeed, I usually worked twenty to twenty-five hours per week for which I was not paid.
11. Until April 2003, I received pay for up to, but no more than, forty off-the-court hours that I was permitted to record. I received no compensation for off-the-court hours worked over forty hours or any hours that I was not permitted to record.

12. After April 2003, Club Fit enacted a policy of not compensating employees in my position for any hours that were not worked on the tennis court. After April 2003, with certain limited exceptions, I received no pay for off-the-court hours, even though my employers continued to require me to work these hours.
13. I never received overtime for any of my off-the-court hours.
14. Many of these off-the-court duties were mandatory for all employees in my department, such as attendance at staff meetings and contacting club members. Many of my co-workers received no pay for any of these hours. In addition, if a club member failed to show up for an appointment, we would only be paid for those court hours if we had called the club member and made every effort to ensure that he or she attended the scheduled session.
15. While I was no longer being paid for my off-the-court hours after April 2003, my supervisor, Steve Gervickas, noted in my 2007 performance evaluation a number of time-consuming tasks that I was required to perform, such as responding to club members' phone calls and emails, and supplementing the junior program with additional activities other than tennis. He also discussed my work promoting the club and its summer camp by distributing flyers, talking to parents and children and making telephone calls. All of these responsibilities were performed outside of my regular court hours.

TENNIS COURT HOURS AND TOURNAMENT HOURS

16. In addition to my off-the-court hours, I regularly worked more than forty hours per week and up to sixty-two hours in some weeks, providing tennis

instruction and coaching to club members, excluding certain tournament hours.

17. I was required to maintain a *minimum* threshold of forty court hours per week.
18. I was paid my hourly on-court rate for those hours providing tennis instruction, excluding certain tournament hours, but received no overtime even when those hours exceeded forty hours per week with the exception of a few weeks in 2006. During those weeks, I received some overtime pay for my on-court hours, without explanation. I had not received overtime pay prior to 2006 and have not received it since.
19. Along with several other Club Fit employees including Noah Allen, Adrian Cosma, Joe Kramer, Todd Bazzini, Leaf O'Neal, and others, I worked at a number of tournaments for Club Fit.
20. I was required to escort Club Fit's teenage club members to competitive tennis tournaments throughout the country for several days at a time with little or no compensation.
21. I worked a large number of these tournaments all over the country and can recall at least two tournaments lasting one week each, three five-day tournaments, and three ten-day tournaments per year.
22. Though I worked long hours at these tournaments and I was on-call for twenty-four hours per day, chaperoning Club Fit's minor club members, I was permitted to record no more than, and often less than, five court hours for each day at the off-site tournaments. Club Fit did not pay my expenses at the

tournaments.

23. In addition, I worked a number of local tournaments of shorter duration and tournaments hosted by Club Fit at both the Briarcliff Manor and Jefferson Valley facilities. Though I was required to work six to seven hours per day at these local tournaments, I was only permitted to record three and one-half hours of court time per day.
24. Not only were my services in connection with the tournaments mandatory, but as a result, I was precluded from logging additional compensable court hours for days at a time.

RECORDS OF HOURS WORKED

25. The exact records of how many hours I worked on-court (excluding tournament hours) are in the possession of Club Fit as are records of some, but not all, of the off-the-court hours that I worked until April 2003.
26. There are no consistent records of my off-the-court hours because many of my hours were worked off-the-clock.
27. Until April 2003, to the extent that I was permitted to record them, records of my off-the-court hours were recorded on a time clock system which was inconsistently utilized.
28. Until April 2003, my supervisor, Chris Casanova, told me not to punch in for certain office tasks and if there was a break of several hours in the workday due to a lack of work, I was instructed not to record that time and I was not paid for that time.
29. There are scarcely any records for my off-the-court work at all after April

2003, when Club Fit stopped (with certain very limited exceptions), paying me for my off-the-court hours.

30. Records of my time spent on the tennis court, excluding certain tournament hours, were kept on paper sheets that I submitted to my supervisor. In addition, scheduling of court time was entered on a club management software program used company-wide called Bookings Plus.
31. Before April 2003, I personally observed Chris Casanova changing time records on the company computers to reduce the records of the amount of hours paid to me and my co-workers.

OTHER CLUB FIT EMPLOYEES

32. I know from conversation with my co-workers and management that other Club Fit employees who worked more than forty hours per week were not paid overtime, including employees in the tennis, fitness and aquatics departments of Club Fit as well, as the cafeteria workers and others.
33. I also observed that employees in the aquatics department were required to work extended hours at competitive swim meets just as employees on the tennis staff were required to work long tournament hours.

RETALIATION AGAINST CLUB FIT EMPLOYEES

34. I observed several instances where management retaliated against employees, or threatened to do so, when those employees raised wage and hour grievances.
35. I know from my observations and conversations with my co-workers that in 2005, Noah Allen, a former employee of Club Fit, was demoted for raising

wage and hour grievances with management and attempting to mobilize his fellow employees. Following Noah's demotion, I observed that our supervisor, Mitch David, created a difficult work environment for Noah by piling on undesirable assignments. As a result, Noah resigned a few months later.

36. Soon after Noah's demotion, I attended a series of meetings with management and the tennis staff including Bill Beck and Diane Pulleyblank to discuss our wage and hour grievances. Initially, Bill Beck told the tennis staff including myself that if we didn't like the overtime policy, we should just leave. This attitude was consistent with management's position throughout my employment.
37. I was present at a subsequent meeting where Bill Beck admitted that the tennis staff was entitled to overtime pay. He informed us that we were no longer permitted to work more than forty hours per week because the company would not pay overtime. This practice lasted approximately one week, after which management continued to schedule us for overtime hours, but without overtime pay.
38. At the close of this meeting, the tennis staff was warned by Bill Beck not to discuss their wage and hour grievances with other employees. I perceived this as a clear threat that I would be retaliated against for doing so.

SPREAD OF HOURS PREMIUM PAY

39. I regularly worked in excess of ten hours in a single workday. I never received "spread of hours" premium pay for those days or any additional pay

for working more than ten hours in a single workday.

40. I had never heard of "spread of hours" premium pay until I spoke with my attorneys. I have never heard of any employee at the club receiving "spread of hours" pay.

UNIFORMS

41. As part of my job I was required to wear a uniform of tennis shorts, shirts and shoes. I never received any reimbursement for the costs of purchasing, laundering or maintaining my uniform. I was also required to purchase and maintain my own racquets. In total, these costs exceeded several thousand dollars per year.

I declare under penalty of perjury and upon personal knowledge that the foregoing is true and correct.

I, John Markiewicz, declare upon personal knowledge and under penalty of perjury,
pursuant to 28 U.S.C. Section 1746, that the following is true and accurate:

1. My name is John Markiewicz and I reside at [REDACTED] Ossining,
New York.
2. I was employed by Club Fit as a fitness professional and personal trainer from
January 2002 to February 2006 at Club Fit's Briarcliff Manor facility.
3. My duties included providing personal training services to Club Fit members,
coordinating their training programs, providing assistance to Club Fit
members on the fitness center floor, cleaning up, maintaining and monitoring
the operations of the fitness center, checking first aid equipment, and various
office tasks such as scheduling, maintaining computers and recording mileage
from cardio equipment. These duties took up 100% of my time.
4. I received an employee handbook when I began working at Club Fit, and
periodically received employee newsletters. Both were applicable to

employees at each of Club Fit's two facilities.

5. I was paid on an hourly basis and received two separate checks. One for my fitness professional work and a second for my personal training work.
6. As an employee of Club Fit, I received a W-2 at the end of each tax year, from which my employer made deductions for social security, federal, state and other taxes. Though I was paid in two separate checks for my work as a fitness professional and personal trainer, I received a single W-2.
7. I worked approximately forty hours per week as a fitness professional for which I was paid an hourly wage. I received a check for this work on a bi-weekly basis.
8. On the rare occasions, where I logged more than forty hours as a fitness professional, I was reprimanded by my supervisor Donna Berta, who told me to be sure that my fitness professional hours did not exceed forty hours per week because upper management did not want to pay me overtime.
9. In addition to my time working as a fitness professional, I was paid monthly by Club Fit at a separate hourly rate for ten to twenty hours per week for my work providing personal training services to Club Fit members.
10. My employer never told me that I was entitled to overtime for all hours worked exceeding forty, and only discussed overtime in the context of my work as a fitness professional. My hours worked as a personal trainer were not factored into any overtime calculation.
11. In addition to the time that I was permitted to record, in order to do my job I had to work up to twelve additional hours off-the-clock per week. For

instance, I would maintain frequent telephone contact with club members to ensure that they attended their sessions and followed their training regimen, and to the extent that my regular responsibilities could not be completed in the hours that I was permitted to record, I completed them on my own time. I received no compensation for those off-the-clock hours.

12. From January 2002 to January 2003 and from July 2003 to February 2006, I worked more than forty hours per week nearly every week while employed by Club Fit and often worked more than sixty hours per week. I did not receive overtime premium pay for all hours worked in excess of forty hours in a workweek.
13. No formal records of my time worked off-the-clock were kept. Exact records of the hours that I was permitted to record are in the possession of Club Fit. Records of individual personal training sessions were maintained on Bookings Plus Club management software.
14. I regularly worked in excess of ten hours in a single workday. I never received spread of hours premium pay for those days.
15. I had never heard of spread of hours premium pay until I spoke with my attorneys. I have never heard of any employee at the club receiving spread of hours pay.
16. I observed that other Club Fit employees worked as many or more hours than I did. Many of these employees arrived before I did and were still working after I left for the day.
17. I know of several employees in the aquatics department, tennis department,

the café and the energy center who worked more than forty hours per workweek and I do not believe that they received overtime for all hours worked in excess of forty hours per workweek.

18. In my own department, I know of at least four other employees who did not receive overtime premium pay for hours worked in excess of forty hours in a single workweek. Each of these employees also worked hours off-the-clock.

I declare under penalty of perjury and upon personal knowledge that the foregoing is true and correct.

**DECLARATION OF NOAH
ALLEN IN SUPPORT OF
PLAINTIFFS' MOTION FOR
CONDITIONAL COLLECTIVE
ACTION CERTIFICATION**

I, Noah Allen, declare, upon personal knowledge and under penalty of perjury, pursuant to 28 U.S.C. Section 1746, that the following is true and accurate:

1. My name is Noah Allen and I reside at [REDACTED] Hartsdale, New York.
2. I was an employee of Club Fit from February 1995 to October 2005 at Club Fit's Briarcliff Manor facility. I was hired as an Assistant Tennis Professional and promoted to Head Tennis Professional in 2002. I was promoted to Tennis Manager in September 2004 and worked in such capacity until June 2005 when I was demoted back to Head Tennis Professional.
3. As an employee of Club Fit, I received a W-2 at the end of each tax year, from which my employer made deductions for social security, federal, state and other taxes.
4. I received an employee handbook when I began working at Club Fit, and periodically received employee newsletters. Both were applicable to

employees at each of Club Fit's facilities.

5. My duties included providing tennis instruction to Club Fit members, maintaining frequent contact with club members, stuffing envelopes, promoting the club, coordinating court schedules, court maintenance, court cleanup and certain limited supervisory duties.
6. Though I regularly worked well over forty hours per week, I did not receive overtime premium pay for all hours worked over forty hours in a workweek. Indeed, I never received overtime premium pay.
7. Between 2002 and September 2004, as a Head Tennis Professional, I was paid hourly for thirty-five to thirty-seven hours worked on the court at my hourly on-court rate, which represented some of my hours on the court, but did not include compensation for all of my tournament hours.
8. Between 2002 and September 2004, as a Head Tennis Pro, I was also paid for up to fifteen hours for clerical work at a separate hourly rate, even though I regularly worked thirty-five hours per week off-the-court.
9. Between September 2004 and June 2005, as Tennis Manager, I was paid hourly for fifteen to twenty hours worked on the tennis court, which represented some of my hours on the court, but did not include compensation for all of my tournament hours.
10. Between September 2004 and June 2005, as Tennis Manager, I was also paid for up to forty hours for office work at a separate hourly rate, even though I regularly worked sixty to sixty-five hours per week off-the-court.
11. After June 2005 until my resignation, I was paid hourly for thirty-five to forty

hours worked on the tennis court, which represented some of my hours on the court, but did not include compensation for all of my tournament hours.

12. After June 2005 until my resignation, I was generally not paid my office work, even though I regularly worked approximately fifteen hours per week off-the-court.
13. For my hours on the tennis court, I recorded my time on paper sheets submitted to my supervisor. These records are in the possession of Club Fit. Club Fit also used Booking Plus, a club management scheduling software to record appointments, including time spent by employees on the court.
14. For my hours worked off-the-court, Club Fit used a time card system, but implemented its use inconsistently.
15. For example, prior to September 2004, I was instructed by my supervisor, Mitch David not to punch in while performing work off-the-clock in order to cap my office hours at fifteen hours. If I was punched in for more than fifteen hours, I would not be paid for those additional hours. As a result, the time card records are inaccurate.
16. Along with several other Club Fit employees, including Adrian Cosma, Gregory Leonarczyk and Leaf O'Neal, I was required to escort Club Fit's minor members to competitive tennis tournaments in the tri-state area for several days at a time with little compensation. I was occasionally permitted to log a few, but no more than five, court hours for the entire duration of these tournaments. Moreover, by participating in the off-site tournaments, I was precluded from logging any additional court hours for days at a time.

17. During these off-site tournaments, I was the only adult chaperoning a group of Club Fit's minor club members and as a result I was responsible for their every need, and was required to be on call twenty-four hours per day.
18. In addition, along with several other employees, I was required to work at tournaments hosted by Club Fit at the Briarcliff Manor facility. Though I was required to work six to seven hours per day at these tournaments, I was only permitted to record three and one-half hours of court time per day.
19. I received a paycheck from management indicating the number of hours worked on the court (excluding certain tournament hours) and some, but not all, of my office hours. I received no overtime premium pay.
20. I know that other employees of Club Fit were not paid overtime including members of the tennis, fitness and aquatics departments as well as café workers.
21. I observed that many employees in those other departments worked as many or more hours than I did. Several employees worked more than one hundred hours per week.
22. I spoke with at least three members of the fitness department including John Markiewicz about the company's overtime and off-the-clock policies. They each informed me that they did not receive overtime that they should have and were required to perform work off-the-clock.
23. More than six years ago, I attended what management described as a "round table" meeting with David Swope and Bill Beck and employees from each of Club Fit's departments. We discussed Club Fit's failure to pay any of its

employees overtime and their failure to compensate employees for all hours worked. David Swope said that he would look into our claims, but nothing changed.

24. While working at Club Fit, I was informed by Mitch David to make sure that those employees with wage and hour grievances got the message that if they continued to complain, they would not last at the club.
25. I was demoted in retaliation for attempting to mobilize my fellow employees in connection with our wage and hour grievances.
26. Following my demotion, after I realized that it was futile to try to get management to pay its employees appropriately for overtime and all hours worked, I left Club Fit a few months later in October 2005.
27. Following my demotion, management made my working conditions unbearable to the point where I felt that I had no choice but to resign. With limited exceptions, my supervisor Mitchell David severely limited my court hours, stopped paying me for any office hours or paid me for a smaller percentage of hours worked, but continued to require that I work those hours, assigned me less desirable tennis clients, and damaged my reputations among my co-workers by making frequent insulting remarks about me.
28. I regularly worked in excess of ten hours in a single workday. I never received "spread of hours" premium pay or any additional pay for working more than ten hours in a single workday.
29. I had never heard of "spread of hours" premium pay until I spoke with my attorneys. I have never heard of any employee at the club receiving "spread of

hours" pay.

30. As part of my job I was required to purchase and maintain a uniform of tennis attire and shoes. In addition, I was required to purchase and maintain my own tennis racquets. I never received any reimbursement for these costs which amounted to several thousand dollars per year.

I declare under penalty of perjury and upon personal knowledge that the foregoing is true and correct.

**DECLARATION OF TODD
BAZZINI IN SUPPORT OF
PLAINTIFFS' MOTION FOR
CONDITIONAL COLLECTIVE
ACTION CERTIFICATION**

I, Todd Bazzini, declare, upon personal knowledge and under penalty of perjury, pursuant to 28 U.S.C. Section 1746, that the following is true and accurate:

1. My name is Todd Bazzini and I reside at [REDACTED], Bronxville, New York.
2. I was employed as an Assistant Tennis Professional by Club Fit from approximately 1993 to 2000 and as a Head Tennis Professional from 2000 until August 2006.
3. I was a regular employee and received a W-2 at the end of each tax year. I was informed by my supervisor Chris Casanova that I was an employee and that I would be paid only for hours worked on the tennis court.
4. My on court duties included providing tennis instruction to Club Fit members.
5. Between 2002 and 2006, I was paid an hourly wage for thirty-five to fifty hours per week, representing the hours that I worked on the tennis court.
6. In addition, I worked approximately, ten hours per week off-the-clock.

7. My off-the-clock responsibilities included attending mandatory staff meetings on a weekly basis, making phone calls to club members, stuffing envelopes, promoting the club, and performing various office tasks.
8. I was required to maintain frequent telephone contact with defendants' club members to ensure that they attended their lessons and followed their training regimen.
9. I was informed by my employers that if defendants' club members failed to meet an appointment, I would not be paid for those court hours.
10. I was not permitted to record these off-the-clock hours and received no compensation for hours worked off-the-clock. Indeed, I received no compensation for any hours other than those worked on the tennis court.
11. Including both court hours and off-the clock hours, I worked more than forty hours per week nearly every week while employed by Club Fit.
12. I did not receive overtime compensation for all hours worked over forty hours per week. Indeed, I received no overtime at all.
13. I regularly worked in excess of ten hours in a single workday. I never received spread of hours premium pay for those days.
14. I had never heard of spread of hours premium pay until I spoke with my attorneys. I have never heard of any employee at the club receiving spread of hours pay.
15. I received a monthly paycheck from Jefferson Valley Racquet Club, Inc. indicating the number of hours worked on the tennis court.
16. The exact records of how many hours I worked on the court are in the

possession of defendants. Records of my hours on the court were kept on Club Fit's "Bookings Plus" club management software and time was also kept on an electronic time clock system.

17. No formal records of my time spent off-the-clock were kept.
18. I regularly attended unpaid staff meetings, many of which were also attended by Beth Beck and Bill Beck. Employee complaints about being deprived of overtime compensation and being required to work for defendants without pay was a frequent subject of discussion at these meetings. These complaints were addressed to my superiors including Chris Casanova, Mitch David and Bill Beck.
19. From my observations and conversation with other Club Fit Employees, I know that other employees, including members of the tennis, fitness and aquatics departments of Club Fit as well as the café workers and others, were required to work without pay and often worked more unpaid hours than I did.
20. For instance, Club Fit employees Gregory Leonarczyk, Noah Allen, Leaf O'Neal and others were required to escort defendants' club members to competitive tennis tournaments in the tri-state area for several days at a time without compensation and to staff tournaments hosted by Club Fit. It was understood among the tennis staff that if they refused to work the tournaments they would be punished by management. These employees told me that they were not paid for all of their work.
21. From conversations with co-workers and through observation, I know that other employees of defendants did not receive overtime premium pay for all

hours worked over forty hours per week.

22. I observed that many hourly employees worked more hours than I did. I recall several Club Fit employees in the aquatics and fitness departments who worked who worked at least seventy hours per week without overtime.
23. Along with other employees, I was warned by Bill Beck not to discuss any wage and hour grievances with employees in other Club Fit departments.
24. As part of my job I was required to wear a uniform of tennis shorts, shirts and shoes and to bring my own racquet. Even when I had my racquets strung at the club, I was required to pay for it. I never received any reimbursement for the costs of purchasing, laundering or maintaining my uniform or purchasing or maintaining my racquets. I estimate that I spent approximately \$1,200 per years on these expenses. I often joked with my co-workers that Club Fit would soon start charging the staff for tennis balls.

I declare under penalty of perjury and upon personal knowledge that the foregoing is true and correct.

**DECLARATION OF LEAF
O'NEAL IN SUPPORT OF
PLAINTIFFS' MOTION FOR
CONDITIONAL COLLECTIVE
ACTION CERTIFICATION**

I, Leaf O'Neal, declare, upon personal knowledge and under penalty of perjury, pursuant to 28 U.S.C. Section 1746, that the following is true and accurate:

1. My name is Leaf O'Neal and I reside at [REDACTED] Ossining, New York.
2. I worked for Club Fit from March 2002 until July 2007, primarily at Club Fit's Briarcliff Manor facility.
3. I occasionally worked at Club Fit's Jefferson Valley facility as well.
4. I received an employee handbook when I began working at Club Fit, and periodically received employee newsletters. Both were applicable to employees at each of Club Fit's two facilities.
5. I was hired as an Assistant Tennis Professional and promoted to Head Tennis Professional in 2005.
6. I was an hourly employee of Club Fit. I received a W-2 at the end of each tax year, from which my employer made deductions for social security, federal, state and other taxes.

7. My duties included providing tennis instruction to Club Fit's members and performing various office tasks.
8. I regularly worked more than forty hours per week and worked as many as one hundred hours in some weeks.
9. I was paid on an hourly basis for my hours worked on the tennis court only, excluding tournaments and other special events.
10. On the court, I regularly worked more than forty hours per week and up to seventy hours in a week, providing tennis instruction to Club Fit members, excluding tournaments and other special events. I received no overtime even when those hours exceeded forty hours per week.
11. Records of my time spent on the tennis court, excluding certain tournament hours and special events, were kept on paper sheets that I submitted to my supervisor. In addition, court schedules were maintained on a club management software program called Bookings Plus.
12. Along with several other Club Fit employees including Noah Allen, Adrian Cosma, Joe Kramer, Todd Bazzini and Gregory Leonarczyk, I worked at a number of tournaments for Club Fit.
13. I was required to escort club members to day-long competitive tennis tournaments in the tri-state area without any compensation. Club Fit did not even pay my expenses at the tournaments.
14. For instance, between May and July of each year, I worked at approximately ten tournament matches coaching Club Fit's U.S.T.A. women's team. Each tournament lasted approximately seven hours, not including travel time.

15. In addition to regularly scheduled tournaments, I was required to work at other special events, such as exhibition matches, socials and mixers without compensation.
16. Not only were my services in connection with the tournaments and other special events mandatory, but as a result, I was precluded from logging compensable court hours on those days.
17. In addition to my time on the court, I worked approximately fifteen to thirty hours every week performing office tasks, including promoting the club, coordinating court schedules, making phone calls to club members, billing club members, developing lesson plans, attending weekly staff meetings, completing evaluations of my co-workers and running various errands for the club.
18. Many of these duties were mandatory for all employees in my department, such as attendance at staff meetings and contacting club members. For instance, I was informed by my supervisors that if a club member failed to show up for an appointment, an employee would not be paid for those court hours unless that employee had called the club member in advance and made every effort to ensure that he or she attended.
19. I was not permitted to record these off-the-court hours and received no compensation for hours worked off-the-court. Indeed, I received no compensation for any hours other than those worked on the tennis court, and received no compensation for my on-court hours worked in connection with tournaments and other special events.

20. I know that other Club Fit employees including employees in the tennis, fitness and aquatics departments of Club Fit, who worked more than forty hours per week were not paid the overtime, were forced to work off the clock, and subject to having their recorded hours reduced.
21. No members of the tennis staff received overtime for all hours worked in excess of forty hours per week and each were required to work hours off the clock.
22. Prior to April 2003, I personally observed my supervisor Chris Casanova changing time records on the company computers to reduce the records of the amount of hours for the tennis staff, making it appear as though they worked less hours than they actually did.
23. In addition, I had conversations with employees in the aquatics and fitness departments concerning wage and hour issues. They told me that they too worked more than forty hours per week without receiving overtime pay, and that they were required to work off the clock without compensation.
24. I also know that employees in the aquatics department were required to work extended hours at competitive swim meets just as the tennis staff was required to work at tennis tournaments.
25. I spoke with members of the aquatics department who informed me that in addition to not paying them overtime and requiring them to work off the clock, their supervisor, Scott Karson, also changed the time records of employees in the aquatics department to make it appear as though they worked less hours than they actually did.

26. I observed several instances where management retaliated against employees, or threatened to do so, when those employees raised wage and hour grievances.
27. In 2005, Noah Allen, a former employee of Club Fit, was demoted for raising wage and hour grievances with management and attempting to mobilize his fellow employees. Thereafter, his supervisor, Mitchell David, created a difficult work environment for Noah, requiring him do menial tasks, cutting off his pay for the office hours that he was previously paid for, limiting his on-court hours (thereby dramatically limiting his income) and deriding him in front of his co-workers. As a result, Mr. Allen resigned a few months later.
28. Soon after Mr. Allen's demotion, I attended a series of meetings between members of the tennis staff and management including Bill Beck and Diane Pulleyblank to discuss wage and hour grievances. Initially, Bill Beck told the tennis staff including myself that no one at Club Fit got overtime and asked why the tennis staff thought they should be treated differently. He also said that if we didn't like the policy, we should just leave. His attitude was consistent with management's attitude all throughout my employment.
29. I was present at a subsequent meeting where Bill Beck admitted that the tennis staff was entitled to overtime pay, because we were not exempt from the overtime rules. He informed us that we were no longer permitted to work more than forty hours per week because the company would not pay overtime. This practice lasted approximately one week, after which management resumed scheduling the tennis staff for more than forty hours, per week but

without overtime pay.

30. At the close of this meeting, I was warned by Bill Beck not to discuss wage and hour grievances with anyone or that I would be terminated.
31. Around this time, I had conversations with employees in the aquatics and fitness departments who did not receive overtime that they believed they were entitled to. One of them informed me that their employer threatened termination for discussing wage and hour issues with others.
32. I regularly worked in excess of ten hours in a single workday. I never received "spread of hours" premium pay for those days or any additional pay for working more than ten hours in a single workday.
33. I had never heard of "spread of hours" premium pay until I spoke with my attorneys. I have never heard of any employee at the club receiving "spread of hours" pay.
34. As part of my job I was required to wear a uniform of tennis shorts, shirts and shoes. I never received any reimbursement for the costs of purchasing, laundering or maintaining my uniform. I was also required to purchase and maintain my own racquets for which I was not reimbursed. In total, these costs exceeded several thousand dollars per year.

I declare under penalty of perjury and upon personal knowledge that the foregoing is true and correct.

**DECLARATION OF ADRIAN
COSMA IN SUPPORT OF
PLAINTIFFS' MOTION FOR
CONDITIONAL COLLECTIVE
ACTION CERTIFICATION**

----- X
I, Adrian Cosma, declare, upon personal knowledge and under penalty of perjury,
pursuant to 28 U.S.C. Section 1746, that the following is true and accurate:

1. My name is Adrian Cosma and I reside at [REDACTED] Brooklyn, New York.
2. I was employed as a Tennis Pro by Club Fit from the summer of 2000 until the summer of 2004. I worked at both of Club Fit's facilities in Jefferson Valley and Briarcliff Manor.
3. I was an hourly employee of Club Fit, I received a W-2 at the end of each tax year, from which my employer made deductions for social security, federal, state and other taxes.
4. I received an employee handbook when I began working at Club Fit, and periodically received employee newsletters. Both were applicable to employees at each of Club Fit's two facilities.
5. I always worked well over forty hours per week and as many as one hundred

hours in some weeks.

6. I performed both tennis instruction and various clerical tasks.
7. Until April 2003, I was paid on an hourly basis at two separate rates. At one rate for hours providing tennis instruction to Club Fit members (excluding hours worked in connection with tennis tournaments), and at a separate rate for hours that I was permitted to record performing clerical work.
8. Until April 2003, I was not permitted to record many of my clerical hours. I received no pay for clerical hours that I was not permitted to record and no pay for my tournament hours.
9. After April 2003, I received no pay for my clerical hours, but was paid for my court hours, excluding certain tournament hours.
10. I worked up to forty-five hours per week in tennis instruction alone, excluding certain tournament hours.
11. I was paid for my hours worked on the court, excluding certain tournament hours but received no overtime, even when those hours exceeded forty hours per week.
12. Records for my time spent on the tennis court, excluding certain tournament hours, were kept on paper sheets that I submitted to my supervisor. In addition, scheduling of court time was entered on a club management software program used company-wide called Bookings Plus.
13. In addition to my hours on the court, I worked many hours off the court. My duties off the court included maintaining frequent contact with club members, stuffing envelopes, promoting the club, coordinating court schedules and

various office tasks.

14. Until approximately April 2003, I worked as many as fifty hours a week performing these clerical tasks in addition to my court hours. I received pay at my regular clerical rate for up to, but no more than, forty clerical hours, even when I performed more than forty hours of clerical tasks. I received no compensation for working more than forty clerical hours.
15. I was told by Chris Casanova, my supervisor at the time, not to clock in for more than forty hours of clerical work. He told me to cap my clerical hours at forty because nobody was allowed to get overtime, even if they worked more than forty hours.
16. To the extent that I was permitted to record them, records for my clerical hours were recorded on a time clock system. Because I was not always permitted record my hours in any way, there are no records of my hours worked off the clock.
17. In approximately April 2003, Club Fit enacted a policy of not compensating employees in my position for any hours that were not worked on the tennis court. From that point forward, I received no pay for my clerical hours.
18. Though Club Fit continued to require me to work twenty-five to thirty hours per week on clerical tasks after April 2003, I received no pay for those hours.
19. In approximately April 2003, Mitch David, my supervisor at that time, told me not to use the time clock anymore. From that point forward, I was no longer permitted to record any clerical hours.
20. In addition to my tennis instruction hours and clerical hours, I was required by

my employer to assist its club members in tournaments without any compensation. Not only were my services in connection with the tournaments mandatory, but as a result of this work, I was precluded from logging any compensable court hours for days at a time.

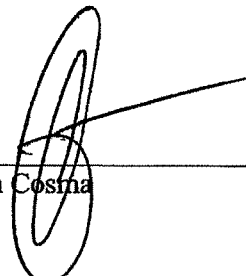

21. I was required to escort a team comprised of Club Fit members on several long distance trips for four to five days at a time. I recall traveling with a team of club members to Syracuse, New York in August 2003 and to Tucson, Arizona in September 2003. Though I was required to work during the entire period of time, I was not paid for, or permitted to record, any of these tournament hours.
22. I was also required to work at approximately twelve local tournaments in each summer between 2002 and 2004. The tournaments were hosted by Club Fit or other facilities within an hour's drive. I was required by Club Fit to coach a team of its club members at these tournaments. Though I was required to work six to seven hours at these tournaments, not including my travel time, I was not paid for, or permitted to record these tournament hours.
23. I observed that employees at both the Jefferson Valley and Briarcliff Manor facilities worked more than forty hours in a single workweek. I also know that other Club Fit employees were not paid overtime for their work exceeding forty hours in a week and were required to work off-the-clock without compensation.
24. I regularly worked in excess of ten hours in a single workday. I never received "spread of hours" premium pay for those days or any additional pay

for working more than ten hours in a single work day.

25. I had never heard of "spread of hours" premium pay until I spoke with my attorneys. I have never heard of any employee at the club receiving "spread of hours" pay.
26. As part of my job I was required to wear a uniform of tennis shorts, shirts and shoes. I never received any reimbursement for the costs of purchasing, laundering or maintaining my uniform. I was also required to purchase and maintain my own tennis racquets without reimbursement. In total, these costs amounted to several thousand dollars per year.

I declare under penalty of perjury and upon personal knowledge that the foregoing is true and correct.

Club fit Performance Review

Employee Name:	Greg Leonarczyk
Job Title:	Tennis Professional
Department:	Tennis
Review Period Start:	1/1/2006
Review Period End:	1/2/2007
Last Review Date:	12/15/2002
Next Review Date:	1/24/2008
Reviewer Name:	Steven N. Gervickas
Reviewer Title:	Director of Tennis

PERFORMANCE ELEMENTS:

Quality

Greg performs extremely well on court with very little, if any, supervision or assistance needed. He demonstrates a high level of competency in the skills and knowledge required. Greg attends the U.S. Open in September and learns and applies new skills within the expected time period. He is knowledgeable about current developments in his field.

Quantity

Greg averages approximately 38 hours per week on court, which also includes the Junior Ladder League on Saturday evenings. He works closely with the Director of the Junior Development Program to insure proper levels in the clinics, an appropriate curriculum and an evaluation for the Junior Program as a whole. He is directly responsible for the Junior Ladder League which is a unique and profitable program providing playing time for the juniors on Saturday evenings. It is a program that has continued to grow and Greg adds to the excitement of it by incorporating weekly themes, such as rap music, videotaping and poems. He also posts the results and standings of the players. This is a "one-of-a-kind program" and is extremely popular with the participants. Greg demonstrates a commitment to juniors in the JDP and his ranked players. It is clear that he has a passion for this niche.

Communications

Greg takes longer than is satisfactory to respond to voice and e-mail messages and, too often he misses deadlines. Members have expressed frustration over the fact that they cannot reach him, sometime after several messages.

SUMMARY:

Greg, you are key to the success of the Junior Tennis Program. Your hard work and commitment towards the program have provided the consistency and energy the program requires. While you have supported the changes made this year in the curriculum, groupings and evaluations, the fun and the energy level that you provide on court has not suffered. The Junior Ladder League has grown in numbers over the past few months, directly due to your extra effort, commitment, tracking and through your fun and innovative videos, rap music, poems. The kids love the trophies that you provide. This year I would like to see you spend time promoting the summer camp during the winter months, as you will not be with the club during the summer. David, Hugues and I look forward to your continuing support and together we will make this junior

program the best in Westchester County. Department policy is to request time away from the club in writing, a minimum of two weeks in advance, so coverage can be arranged for your teaching and the Junior Ladder League. This way we can ensure that the department has adequate staffing.

Thank you for a great year, all your hard work and effort.

PLANS FOR IMPROVEMENT:

1. Maintain a minimum threshold of 40 hours per week during the indoor season.
2. Meet budgeted numbers for Junior Ladder League (see attached)
3. Return all messages and voice mail messages within 24 hours. --
4. Submit all requests for time off in writing a minimum of two weeks prior and arrange subs as necessary.
- 2 5. Become a Certified PTR or USPTA Tennis Professional by May 2007 * June 13th
6. Assist David Hugues and the tennis department in getting campers for the summer camp by taking an active role in promoting the camp. This would involve distributing flyers, talking to parents and children and making telephone calls. I would like to see a high percentage of the juniors you touch attend one week of camp.

Employment

Categories of Employment

A. Full-Time

A full time employee works 35 hours or more per week and is normally scheduled to work 40 hours week. A full time employee may be paid on a salaried or hourly basis. A full time employee is eligible to the full benefits package offered by Club Fit. (See Employee Benefits, page 14 and Club Benefits, page 21).

B. Part-Time

A part time employee is anyone who is regularly scheduled to work less than 35 hours and more than 15 hours per week.

A part time employee is eligible to certain benefits including pro-rated vacation benefits. (See Employee Benefits, page 14 and Club Benefits, page 21).

C. Seasonal

A seasonal employee is employed for a period of no more than four months. Seasonal employees are not eligible to receive Employee benefits with two exceptions: they are paid double time if they work one of the Club holidays and they receive Club membership during their employment.

D. Independent Contractors

From time to time the Club engages instructors and other personnel who render services on a per diem basis and are paid as an independent contractor. Independent contractors are not considered employees of the Club. (Club Benefits apply).

E. Instructional Employees

Instructional employees are paid per session and are not eligible for vacation benefits. (Club Benefits apply).

Orientation

During the orientation period each employee will go through job orientation and also a group Club orientation.

Employees are required to complete an orientation period of 90 calendar days. During this period, the employee will learn about the Club, his or her job responsibilities, and the employee's relationship with his or her co-workers and the standard of performance expected. These are provided in a formal job orientation and a formal Club orientation.

All employees must attend orientation within the first 90 days (three months) of employment...this is a job requirement! If a new employee does not meet this requirement at the time of their first performance evaluation (three months) the department manager can exercise their right to dismiss the employee. This description of your orientation does not modify the Club's status of an, "at will" employer.

Payday

The payroll will cover a defined two-week work period. The defined work period for each Club location is as follows: The workweek begins on Wednesday morning at the beginning of the day shift and continues fourteen days until the end of the night shift on a Tuesday night. Paychecks will be distributed by Wednesday noon of the following week. Deductions will be made for Federal Income Tax, New York State Income Tax, Social Security and New York State Disability. Each employee will receive an itemization of these deductions for each check.

Recording Time

The Federal Wage and Hour Law requires that we maintain a complete and accurate record of each employee's hours worked. We keep this record through the use of an electronic time clock. You will be paid only for the time that is correctly recorded and approved by your manager. Falsifying time is cause for immediate termination of employment. Employees are required to "punch in/out" when arriving and leaving their shift. There will be a \$10 service charge for all lost paychecks that need to be replaced.

Overtime

Employees who are eligible to receive overtime pay may not work more than 40 hours in a workweek without obtaining prior approval from their manager. Working overtime without prior authorization will lead to disciplinary action, up to and including termination of employment. It is the employee's responsibility to maintain accurate records for all hours worked.

Performance Procedures

All employees will receive a formal performance evaluation from their Department Manager three months and nine months from start date and every 12 months thereafter. Upon completion of the employee's three month orientation period, his or her Manager will evaluate and discuss the employee's performance with the employee. An evaluation form will be completed and signed by both the employee and the Manager.

Increases in Salary

Employees' salary increases are based on formal performance evaluations.

During the first 12 months of employment, front line employees are eligible for two six-month pay reviews. Department managers are eligible for a pay review in the first three to six months. Thereafter, pay reviews are done within a 12-18 month time period.

Grievance Procedures

Your most important working relationship is between you and your direct manager. Normally, questions and problems can be solved at this level and every effort should be made to do so.

However, occasional problems may arise which cannot be solved in this manner. In these cases, you have the right to discuss the matter privately at the next higher level of supervision.

Termination of Employment

Termination is separation from employment. It may be voluntary as in the case of resignation or it may be involuntary as in discharge.

Resignation

If an employee in a managerial position reaches a decision to resign, he/she should submit a letter of resignation to his/her manager. Professional business practice is to provide notice of at least one month of his or her impending resignation and all other employee's to give two weeks notice of his or her impending resignation.

In its discretion, Club Fit may terminate your employment immediately upon notice of your resignation and pay you in lieu of the notice period of not more than ten working days.

Termination by Club

Club Fit reserves the right to terminate any employee at any time for any reason. Nothing contained in this section or this handbook requires Club Fit to have "just cause" before terminating any employee. Non-disciplinary reasons for termination include but are not limited to:

- Reduction in work force
- Discontinuance of a position
- Displacement because of technological innovation
- Closing of the Club or an office in which an employee is employed

In addition to non-disciplinary reasons for termination, an employee may be terminated for failure to adequately perform his or her duties. Club Fit will attempt to inform the employee in advance, either verbally or in writing, of his or her deficiencies and may provide the employee with an opportunity to bring his or her performance up to standard. However, the failure to provide advance notice or the opportunity to correct deficiencies in no way limits Club Fit's right to immediately terminate any employee.

In addition to the above-cited reasons for termination, an employee may also be terminated for misconduct. Club Fit cannot create a list that addresses all situations; the standards that follow are basically common sense rules. No conduct, which is immoral, unsafe, unethical or illegal, will be tolerated. Moreover, Club Fit retains the right to deal with each individual situation, as it deems appropriate. All employees, however, are expected to follow these rules. Violations will subject employees to discipline, up to and including termination.

Standards of Conduct

The following is prohibited:

- Theft or attempted theft of any property belonging to Club Fit, a member or guest of Club Fit, or a fellow employee
- Fighting on Club Fit property
- Failure to fully and truthfully disclose all facts related to Workers' Compensation and insurance claims
- Insubordination
- Immoral or indecent conduct
- Malicious gossip or derogatory comments about a Club Fit employee or member of Club Fit
- Deliberate destruction of, or damage to, Club Fit property
- Use of alcohol or illegal drugs while on Club Fit property or reporting to work under the influence of drugs or alcohol
- Violation of fire or safety rules
- Carrying or possessing a weapon of any kind on Club Fit property
- Gambling or soliciting gambling

- Smoking in Club Fit
- Disorderly conduct
- Unauthorized disclosure, use of or theft of Club Fit's confidential information
- Use of profane, abusive or threatening language
- Excessive lateness or absenteeism
- Violating the solicitation and distribution policy
- Creating hazardous or unsafe conditions
- Repeated failure to complete job assignments
- Repeated failure to perform work up to standards
- Violation of any Club Fit policy

The above is only a partial list of examples of unacceptable behavior. Club Fit at all times reserves the right to modify the rules of conduct and/or to discharge employees at any time for any reason or no reason.

Pay at Termination

Final pay will be provided on employee's last day of work, providing sufficient notice has been given. Employees who do not give sufficient notice will receive their final pay at the "next convenient payroll" as provided by State Law.

Employees who are terminated by the Club will be given final pay on day of discharge, including vacation pay due.

All keys, I.D. cards, or other Club property must be returned at this time. If not, the final paycheck will be delayed.

Employees will be reimbursed for all unused vacation days and earned holidays. Such reimbursement does NOT include any other benefits such as unused sick time.

Employment Standards

Employment of Minors

Club Fit requires an employee to be at least 18 years of age. In special circumstances, an employee may be hired under 18 years of age with permission from the General Manager. Working papers are required.

Employment of Immigrants

Club Fit requires documentation of legal work status for all employees who are not United States citizens.

Principles of Professional Conduct

Club Fit employees are expected to adhere to the following principles of professional conduct as they interact with members and fellow staff:

- Provide equal and fair treatment to all
- Maintain the confidentiality of all personal member information
- Staff should only give advice within their scope of knowledge and job description
- Provide a safe environment free from discrimination and harassment. Conduct that is offensive, of a sexual nature or adversely impacts working conditions is prohibited

Employee Policy Regarding Medical Recommendations

Employees cannot give medical advice or recommendations of any kind for any reason. This relates to not only medical conditions, illness and injuries, but to alternative medicine including vitamins, remedies, and supplements of any kind. Members and guests seeking advice of this nature must be advised to seek assistance from their personal physician.

Discrimination and Harassment-free Workplace Policy

Club Fit's policy is to provide a work environment that is free from discrimination or harassment. In keeping with this policy, the Club is committed to maintaining a workplace free of discrimination or harassment based upon race, color, creed, religion, sex, age, disability, national origin, marital status, sexual orientation, or any other characteristic protected by federal, state or local law. Such conduct is prohibited in any form at the workplace, at work-related functions, or outside of work if it affects the workplace. This policy applies to all Club employees, clients, customers, guests, vendors and persons doing business with the Club.

Conduct Prohibited

Sexual harassment, one form of prohibited harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to such conduct is made a term or condition, either explicitly or implicitly, of an individual's employment:

- Submission to or rejection of such conduct by an individual is used as a factor in decisions affecting that individual's employment
- Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creates an intimidating, hostile, or offensive working environment

Examples of other conduct prohibited by this policy include, but are not limited to:

- Derogatory, explicit or degrading comments about an individual's appearance or membership in a protected group
- Unwelcome sexual flirtation, advances or propositions
- The display of sexually suggestive pictures or objects in any workplace location including transmission or display via computer
- Displaying cartoons or telling jokes that have the purpose or effect of stereotyping, demeaning or making fun of any protected group
- Any offensive or abusive physical conduct related to an individual's membership in a protected group

These are only examples; conduct may constitute harassment even if not specifically described in the list above.

Responsibility

If you believe that you are being harassed, you should:

- Tell the harasser that his or her actions are not welcome and they must stop. Immediately report the incident to your immediate supervisor or any management representative with whom you feel comfortable, and the Human Resource Director, Mari Taglianetti, at Club Fit Briarcliff, 762-3444, ext. 124 or mtaglianetti@clubfit.com
- Employees, who become aware of an incident of harassment, whether by witnessing the incident or being told of it, must report it to Mari Taglianetti, their immediate supervisor or any management representative with whom they feel comfortable
- If additional incidents occur, they should be reported to one of the above resources

Resolution

Any reported incidents of discrimination or harassment will be investigated. Complaints and actions taken to resolve complaints will be handled as confidentially as possible, given the Club's obligation to investigate and act upon reports of such harassment.

Retaliation of any kind against an employee who reports a suspected incident of discrimination or harassment is prohibited. An employee who violates this policy or retaliates against an employee will be subject to disciplinary action up to and including termination.

Personal Appearance

All personnel who work at the Club must maintain a suitable appearance. Appearance and perception play a key role in member service. Our goal is that all staff is dressed in professional attire that is appropriate to our business at all times. All employees must practice good grooming and personal hygiene to convey a neat, clean and professional image. Staff uniforms are required and should be worn at all times by employees while on duty in the following departments: Aquatics, Cafe, Fitness, Maintenance, Massage, Nursery, Reception, and Sports. **If an employee's employment ends before the 90-day orientation period, a uniform fee will be deducted from their last paycheck.** Management reserves the right to make "suitable appearance" a condition of employment. Nametags are required to be worn by all staff personnel while on duty.

Absence

If employees cannot work his/her shift, he/she is expected to find their own replacement for that time. A written note should be left for his/her manager letting them know of the change. Employee's immediate manager should be notified of all absences.

Use of Facilities

Please use discretion as to when you schedule your workout, and try to schedule your workouts when the Club is not crowded. You may play tennis or racquetball. Fees apply for tennis reservation time. We are always happy to have you bring in a friend for a game of tennis or racquetball. In order to acquaint your family and friends with the Club, your free guest passes are provided in your New Employee Packet. Otherwise standard guest fees apply.

Personal Status Change

It is important to notify your manager and the office of any changes in address, telephone number, number of dependents, or marital status. The personnel files are an official record. This information, kept up to date, is essential.

Solicitation Prohibited

Employees and outsiders will not sell, solicit or distribute any product, project, raffle, lottery, or literature in work areas during working time in the Club.

Cell-Free Zone Policy

Cell Phones are prohibited in the Group Exercise Studios, Wellness Studios and Fitness Center. Cell Phones may be used in the locker rooms, corridors, pool deck, lobby and lounge area.

Telephone

Please do not use the phone provided for personal telephone calls, and ask your friends and family not to call you at work except in an emergency. The Club phones are for the purpose of conducting business of the Club and for that reason you are urged to refrain from using them for personal use. Pay phones are available for personal use during off hours.

E-Mail, Computer and Telephone Use Policy

Club Fit uses telephones, computers and other equipment together with an e-mail system, for efficient and accurate communication among employees, clients and other businesses.

Please be aware that use of all such equipment, including computers and the e-mail system, as well as use of the Internet, is for Club Fit business purposes only. The use of computers, the Internet and e-mail system for personal communications or for non-job related functions is strictly prohibited, as is the display or transmission of sexually explicit images or messages, ethnic slurs, racial epithets or anything which could be construed as harassment or disparaging of others. Employees shall not use unauthorized codes or passwords to access others' files. All codes, passwords or other means of electronic access are the property of Club Fit.

EMPLOYEES SHOULD NOT EXPECT THAT ANY COMMUNICATIONS OR OTHER USE OF TELEPHONES, COMPUTERS AND OTHER EQUIPMENT OR THE E-MAIL SYSTEM IS PRIVATE.

In order to determine that all equipment and systems are being used for legitimate Club Fit business purposes, Club Fit reserves the right to enter, search and/or monitor e-mails and use of the internet system, all files and/or transmissions maintained, sent or received by computer, and telephone and other electronic equipment. Please be aware that "erased" e-mail messages and computer entries

may still be accessible and should not be considered private. Although updates for computer virus detection are downloaded daily, the employee should not open "mail" from an unknown source. Employees who violate this policy are subject to discipline, up to and including termination.

Employee Parking

All employees are required to park in the parking lot designated for employees at all times. This includes when you are coming to the Club for your own leisure activities. Our members do not know when you are working and when you are off duty. Employees should not be taking prime parking spaces. If you have packages to unload, move your car after unloading.

Visitors

Visitors for employees are welcome during the employee's lunch or dinner break. They must check in at the front desk and wait in the lobby for the employee.

Employee Benefits

Vacation Pay

All club employees working 15 hours or more are eligible for paid vacation benefits except for the following:

- Seasonal employees
- Independent contractors
- Instructional employees

Vacation time accrues from the employee's first day of work and must be taken in the year accrued. No vacation benefits can be taken until an employee has completed his orientation period. For computing part-time employee vacation benefits, vacation pay is computed on the basis of the employee's average weekly hours. Unused vacation time not taken in the year accrued will be forfeited.

Vacation benefits for length of service accrue as follows:

- 10 days per calendar year
- 15 days per calendar year after 5 years
- 20 days per calendar year after 10 years

Length of service vacation benefits begin to accrue from the date an employee is eligible for paid vacation benefits.

Holiday Pay

Realizing that the Club operates almost every day of the year, 18 hours a day, an effort is made to schedule employees for holiday work on as equitable a basis as possible. Salaried and hourly full time employees receive a day off for the following six holidays:

New Year's Day
Memorial Day
Independence Day
Labor Day
Thanksgiving Day
Christmas Day

All hourly employees will be paid double time for hours worked on a holiday. (This includes Easter in addition to our six posted holidays.) Part-time employees do not receive pay for a holiday unless they work.

A salaried employee who is required to work on a holiday may substitute another day for the holiday.

Sick Pay

All full time employees will be granted a total of five paid sick days during the calendar year (January-December). This benefit will begin after the employee has completed his orientation period. Sick days may not be taken as vacation days and are not carried over from year to year. Unused sick days are not paid out at the time of termination of employment.

Medical Insurance

We offer a choice of the following Oxford Plans:

1. Low Plan (In Oxford Network with Dental)
2. High Plan (Out of Oxford Network with Dental)

Our medical plans are available to all employees working 30+ hours per week. An employee must enroll on or by the first day of the month following the date of hire or date of change in qualification status. If enrollment is not completed during this period the employee must wait until the next open enrollment period. The annual open enrollment period is the month of November. The effective date for November enrollments is November 1st. Enrollment paperwork for this effective

date will be accepted beginning October 1 through the last business day in the month of November. There are two qualifying events that would allow an employee to enroll prior to open enrollment: 1) the loss of coverage from another insurer, or 2) an increase in work hours that would meet the minimum for health plan coverage. The employee's share of premiums is paid on pre-tax dollars before income taxes are deducted. Club Fit will pay \$195 toward the individual's monthly charge or \$220 toward family coverage per month. Family coverage is available at an additional charge. Premiums are collected via payroll deduction one month in advance. A new enrollee should expect necessary adjustments to catch up on their deductions. In the event of termination, a covered employee may choose to retain coverage up to 18 months by applying to the carrier. The full cost of the premium will be billed directly to the individual.

401K Savings Plan

Club Fit offers a 401K Savings Plan. This benefit is offered in order to provide a savings opportunity to build funds towards retirement (or other long term goals) at the same time reducing your taxable income. You may contribute 1 - 20% of your salary up to the maximum allowed by law. Club Fit will match your contribution with 50 cents for each dollar you elect to save each pay period, up to 4% of your salary. You decide how to invest your account — you have ten investment options to choose from. Bisys Plan Services is our plan administrator. Merrill Lynch is our investment broker. Enrollment dates are January and July of each year.

An employee is eligible if he or she:

- Works a minimum of 1,000 hours a year (Approximately 20 hours a week)
- Is 21 years or older
- Has been employed by Club Fit for one year or more

Flexible Spending Plan Accounts

The Flexible Spending Plan options offer each employee an opportunity to customize their benefit package by sheltering pre-tax dollars to cover: Unreimbursed Medical Expenses, Day Care Costs, and Health Insurance Premiums. When money is set aside before the government deducts taxes from the paychecks, the savings is 28% - 40% (or more depending on specific tax brackets) on expenses that you will incur during the year.

These plans are available to all employees at hire date with the exception that those employees who work less than 30 hours per week are required to have one year of continuous service with our clubs before they are eligible to participate in the Unreimbursed Health component of our plan. Independent contractors (1099 staff) are not eligible for the Flexible Spending Plan benefits. The plan year is from January - December. Open enrollment is in November prior to the plan year.

If you need further information, contact the Employee Benefits Coordinator, at extension 132 in the Administrative office.

Jury Duty

Club policy is to pay up to \$40 a day for shifts missed due to Jury Duty during the first three days. Full time employees will be paid up to two weeks of jury service. You must submit a jury attendance record issued by the Commissioner of Jurors to qualify. Extended jury service should be discussed with your Manager. When the employee is excused from Jury Duty during the course of a working day it is the responsibility of the employee to return to work.

Life Insurance

A whole life insurance benefit is available to staff that work more than 20 hours a week. The life insurance is a voluntary employee-funded benefit. This will give you an opportunity to purchase life insurance coverage for yourself and your family as well as providing the convenience of payroll deductions. This benefit is a permanent life insurance that will not replace or change any existing coverage you already have and it accumulates a tax-deferred cash value. Farmers and Traders underwrite this program, which offers all eligible employees the opportunity to obtain life insurance protection at reduced rates. In addition to the reduced rates, the voluntary program offers a number of features. The plan is flexible: you may determine your own benefit or premium. Since Club Fit is offering this voluntary program to our employees, the insurance provider will provide coverage to eligible employees, their spouses and children with limited medical screening. Representatives will be available periodically for enrollment. See your department manager for dates and times.

Discounted Physicians & Hospital Benefits

Discount programs are available to supplement your current medical insurance coverage. The programs provide a discount card to help you receive the health services you need at a reduced rate on products and services up to 60% off standard retail rates. The programs are not a substitute for a health insurance plan. AmeraHealthPro offers discounts for pharmacy, doctor, dentist, optometrist or other health care providers. Enrollment is completed directly by the employee at the website www.healthprocad.com or by calling 1-800-308-0374. Use "CF0407" as the "Enrollment Code." Westchester County residents may participate in the WestchesterRX discount pharmacy card. Enroll on website www.Westchestergov.com.

Worker's Compensation

Claims should be filed within 24 hours of injury.

Disability Benefits

If you are unable to work because of a non-job related injury or illness including pregnancy, you may be entitled to disability payments. Form DB-450 should be filed within 30 days from the first day of your injury.

Family and Medical Leave Policy

Employees are eligible to take up to 12 weeks of unpaid family/medical leave within any 12 month period and be restored to the same or an equivalent position upon return from leave provided they (1) have worked for the Club for at least 12 months, and for at least 1,250 hours in the last 12 months; and (2) are employed at a work site that has 50 or more employees within a 75 mile radius. (The above 12-month period is calculated from an employee's first anniversary date or from an employee's last Family and Medical Leave.)

Reasons For Leave

An employee may take family/medical leave for any of the following reasons: (1) birth of a child and in order to care for such child; (2) the placement of a child with an employee for adoption or foster care and in order to care for the newly placed child; (3) to care for a spouse, child or parent ("covered relation") with a serious health condition; or (4) because of an employee's serious health condition which renders the employee unable to perform an essential function of his/her position. Leave because of reasons "1" or "2" must be completed within the 12 month period beginning on the date of birth or placement. In addition, spouses employed by the Club who request leave because of reasons "1" or "2" or to care for an ill employee's parent with a serious health condition may only take a combined total of 12 weeks leave during any 12 month period.

Notice Of Leave

If an employee's need for family/medical leave is foreseeable, the employee must give the Club at least 30 days prior written notice. If this is not possible, the employee must at least give notice as soon as practicable (within one to two business days of learning of the need for leave). Additionally, if you are planning a medical treatment you must consult with the General Manager first regarding the dates of such treatment. Failure to provide such notice may be grounds for delay of leave. Where the need for leave is not foreseeable, you are expected to notify the Club within one or two business days of learning of your need for leave, except in extraordinary circumstances. The Club has Request for Family/Medical Leave forms available from the Administrative office.

Medical Certification

If an employee is requesting leave because of his/her or a covered relation's serious health condition, the employee and the relevant health care provider must supply

appropriate medical certification. Medical Certification Form is available from the Administrative office. When you request leave, the Club will notify you of the requirement for medical certification and when it is due (at least 15 days after you request leave). If you provide at least 30 days notice of medical leave, you should also provide the medical certification before leave begins. Failure to provide requested medical certification in a timely manner might result in denial of leave until it is provided.

The Club, at its expense, may require an examination by a second health care provider designated by the Club, if it reasonably doubts the medical certification you initially provided. If the second health care provider's opinion conflicts with the original medical certification, the Club, at its expense, may require a third, mutually agreeable, health care provider to conduct an examination and provide a final and binding opinion. The Club may require subsequent medical re-certification. Failure to provide requested certification within 15 days, if such is practicable may result in delay of further leave until it is provided.

Reporting While On Leave

If you take leave because of your own serious health condition or to care for a covered relation, you must contact the Club on the first and third Tuesday of each month regarding the status of your health condition and your intention to return to work. In addition, you must give notice as soon as practicable (within two business days if feasible) if the dates of leave change or are extended or initially were unknown.

Leave is Unpaid

Family/medical leave is unpaid although an employee may be eligible for short or long-term disability payments and/or workers' compensation benefits under these insurance plans. If an employee requests leave because of a birth, adoption or foster care placement of a child, any accrued paid vacation or personal leave first will be substituted for unpaid family/medical leave. If an employee requests leave because of his/her own serious health condition, or to care for a covered relation with a serious health condition, any accrued paid vacation, personal leave or sick leave first will be substituted for any unpaid family/medical leave. The substitution of paid leave time for unpaid leave time does not extend the 12-week leave period. Further, in no case can the substitution of paid leave time for unpaid leave time result in receipt of more than 100% of salary.

Medical and Other Benefits

During an approved family/medical leave, the Club will maintain health benefits, as if the employee continues to be actively employed. If paid leave is substituted for unpaid family/medical leave, the Club will deduct the employee's portion of the health plan premium as a regular payroll deduction. Health benefits are paid one

month in advance. If leave is unpaid, the employee must pay his/her portion of the premium. If your payment is more than 30 days late, we will send you a letter to this effect. If we do not receive your co-payment within 15 days of this letter, your health care coverage will be terminated. If an employee elects not to return to work for at least 30 calendar days at the end of the leave period, he or she will be required to reimburse the Club for the cost of the health benefit premiums paid by the Club for maintaining coverage during the unpaid leave, unless the employee cannot return to work because of a serious health condition or other circumstances beyond his/her control. All other benefits with payroll deductions including life insurance, 401K, and FSA must have payment arrangements made prior to the leave.

Intermittent and Reduced Schedule Leave

Leave because of a serious health condition may be taken intermittently (in separate blocks of time due to a single health condition) or on a reduced leave schedule (reducing the usual number of hours you work per workweek or workday) if medically necessary. If leave is unpaid, the Club will reduce the employee's salary based on the amount of time actually worked. In addition, while an employee is on an intermittent or reduced schedule leave, the Club may temporarily transfer the employee to an available alternative position that better accommodates recurring leave and which has equivalent pay and benefits.

Returning From Leave

If an employee takes leave because of his/her own serious health condition (except if an employee is taking intermittent leave), he/she is required to provide medical certification that the employee is fit to resume work. Return to Work Medical Certification Forms are available from the Administrative office. Employees failing to provide the Return to Work Medical Certification Form will not be permitted to resume work until it is provided.

No Work While On Leave

The taking of another job while on Family/Medical Leave or any other authorized leave of absence is grounds for immediate termination.

Where State or local family and medical leave laws offer more protections or benefits to employees, the protections or benefits provided by such laws will apply. For further information contact the Controller at Club Fit Jefferson Valley, 245-4040, ext. 135 or gvanheemst@clubfit.com.

CLUB FIT HITS THE BIG 30!

Where do we go from here?

Trends come and trends go, but in the end what survives are things of quality, value and purpose. 1. Why did I get this notice?

You are getting this notice because Club Fit's records show that you previously worked for Club Fit. A lawsuit has been brought against Club Fit claiming that its workers, including tennis, fitness, aquatics, wellness and café staff were not paid all wages required by law, including overtime wages. The Court is trying to determine which employees wish to participate in the case. The Honorable Barbara S. Jones, United States District Court Judge in the Southern District of New York, is overseeing this collective action. The lawsuit is known as *Bazzini v. Club Fit Management, Inc., et al*, 08-cv-4530.

2. What is the lawsuit about?

This lawsuit is about whether Club Fit should have paid its workers overtime for each hour worked per workweek in excess of forty hours, and other wage and hour violations.

3. What is a collective action and who is involved?

In a collective action lawsuit, one or more persons who have similar claims can bring a lawsuit that includes others who have similar claims. All Club Fit employees who decide to participate in the case are part of a "Collective Action." The former employees who brought this lawsuit – and all of the Collective Action Members – are called the Plaintiffs. The companies that they have sued, Club Fit Management, Inc. and Jefferson Valley Racquet Club, Inc. as well as David Swope, Beth Beck and Bill Beck, are called the Defendants. One Court resolves the issues for everyone who decides to join the case.

4. What is Club Fit's position?

Club Fit maintains that they did nothing wrong.

5. Has the Court decided who is right?

The Court has not decided whether Club Fit or the Plaintiffs are correct. By establishing the collective action and issuing the Notice, the Court is not suggesting that the Plaintiffs will win or lose the case.

6. What are the Plaintiffs asking for?

Plaintiffs are seeking to change Club Fit's pay practices and policies and to recover unpaid wages including overtime wages. Plaintiffs are also seeking recovery of attorneys' fees and costs.

7. Can I join this lawsuit?

To be eligible to join this lawsuit, you must have been employed by Club Fit after [Date to be determined by the Court] and have no ownership interest in Club Fit.

8. I'm not sure if I am included.

If you are still not sure whether you are included, you can get free help by calling or writing the lawyers in this case, at the phone number or address listed below.

9. What happens if I do nothing at all?

If you choose not to join this lawsuit, you will not be affected by any ruling, judgment or settlement rendered in this case, whether favorable or unfavorable. You will not be entitled to share any amounts recovered by Plaintiffs as part of this lawsuit. You also will be free to independently retain your own counsel and file your own individual lawsuit, subject to any defenses that might be asserted. You should be aware that your federal wage and hour claims are limited by a two- or three-year statute of limitations, and your state law claims are limited by a six-year statute of limitations. Delay in joining this action, or proceeding separately, may result in some or all of your claims expiring as a matter of law. If you proceed separately, you may also have to pay for your own lawyer.

10. What happens if I join the lawsuit?

If you choose to join this lawsuit, you will be bound by any ruling, settlement or judgment, whether favorable or unfavorable. You will also share in any proceeds from a settlement or judgment. By joining this lawsuit, you designate the named Plaintiff(s) as your representative(s), and to the fullest extent possible, to make decisions on your behalf concerning the case, the method and manner of conducting the case, the entering of an agreement with Plaintiffs' counsel regarding payment of attorneys' fees and court costs, the approval of settlements, and all other matters pertaining to this lawsuit. These decisions and agreements made and entered into will be binding if you join the lawsuit. While this suit is pending, you may be asked to provide documents or information relating to your employment, or otherwise participate in written and/or oral discovery proceedings and/or a trial of this matter.

11. Can Club Fit and/or my current employer retaliate against me if I join the lawsuit?

It is a violation of federal law for Club Fit or any of its related entities to fire, discipline, or in any manner discriminate or retaliate against you for taking part in this case. If you believe that you have been penalized, discriminated against, or disciplined in any way as a result of your receiving this notification, considering whether to join this lawsuit, or actually joining this lawsuit, you may contact Plaintiffs' lawyers or any other lawyers of your choosing.

12. How do I ask the Court to include me in the case?

Enclosed is a form called "Consent to Sue." If you choose to join this lawsuit, it is extremely important that you read, sign and promptly return the Consent to Sue form. An addressed and postage paid envelope is enclosed for your convenience. Should the enclosed envelope be lost or misplaced, the Consent to Sue form must be sent to:

**Club Fit Lawsuit
Faruqi & Faruqi, LLP
369 Lexington Avenue, 10th Floor
New York, New York 10017**

The signed Consent to Sue form must be postmarked by _____ [60 days from mailing of this Notice]. **If your signed Consent to Sue form is not postmarked by 60 days from mailing of the Notice, you will not participate in this lawsuit, you will not share in a monetary recovery, and you will not be bound by any settlement or judgment.**

13. Who will be my lawyer?

If you choose to join this lawsuit you will be represented by Adam Gonnelli of Faruqi & Faruqi, LLP, 369 Lexington Avenue, 10th Floor, New York, New York 10017, agonnelli@faruqilaw.com. You can learn about the firm at www.faruqilaw.com

14. Should I get my own lawyer?

You do not need to hire you own lawyer because Plaintiffs' Counsel will be working on your behalf. But if you want your own lawyer, you may have to pay that lawyer and will have to file your own separate lawsuit.

15. How will the lawyers be paid?

The named Plaintiffs have entered into a contingency fee agreement with Plaintiffs' counsel, which means that if you do not win, there will be no attorneys' fees or costs chargeable to you. Under the fee agreement, in the event there is a recovery, Plaintiffs' counsel will receive a percentage of any settlement obtained or money judgment entered in favor of all members of the class. The Court may also be asked to determine the amount of fees. The fees may be part of a settlement obtained or money judgment entered in favor of Plaintiffs, or may be ordered by the Court to be separately paid by Club Fit, or may be a combination of the two.

BASIC INFORMATION

1. Why did I get this notice?

MNO's records show that you currently work, or previously worked, for MNO, Inc. This notice explains that the Court has allowed, or "certified," a class action lawsuit that may affect you. You have legal rights and options that you may exercise before the Court holds a trial. The trial is to decide whether the claims being made against MNO, on your behalf, are correct. Judge Jane Jones of the United States District Court for the District of State is overseeing this class action. The lawsuit is known as *Johnson, et al., v. MNO, Inc.*, Civil Action No. CV-00-1234.

2. What is this lawsuit about?

This lawsuit is about whether MNO discriminated against female account executives based on their gender, by making it harder for them to advance in their careers. More information about federal laws prohibiting job discrimination can be found at the website of the U.S. Equal Employment Opportunity Commission, www.eeoc.gov.

3. What is a class action and who is involved?

In a class action lawsuit, one or more people called "Class Representatives" (in this case Mary Johnson and Louise Smith) sue on behalf of other people who have similar claims. The people together are a "Class" or "Class Members." The women who sued—and all the Class Members like them—are called the Plaintiffs. The company they sued (in this case MNO, Inc.) is called the Defendant. One court resolves the issues for everyone in the Class—except for those people who choose to exclude themselves from the Class.

4. Why is this lawsuit a class action?

The Court decided that this lawsuit can be a class action and move towards a trial because it meets the requirements of Federal Rule of Civil Procedure 23, which governs class actions in federal courts. Specifically, the Court found that:

- There are more than 90,000 women who are or were employed by MNO as account executives;
- There are legal questions and facts that are common to each of them;
- Mary Johnson's and Louise Smith's claims are typical of the claims of the rest of the Class;
- Ms. Johnson, Ms. Smith, and the lawyers representing the Class will fairly and adequately represent the Class' interests;
- The common legal questions and facts are more important than questions that affect only individuals; and
- This class action will be more efficient than having many individual lawsuits.

More information about why the Court is allowing this lawsuit to be a class action is in the Court's Order Certifying the Class, which is available at www.mnoclassaction.com.

THE CLAIMS IN THE LAWSUIT

5. What does the lawsuit complain about?

In the lawsuit, the Plaintiffs say that MNO discriminated against women account executives. They claim that these women received less pay than men in similar jobs. They also say that MNO made promotions to account supervisor positions more difficult for women because they had to demonstrate greater achievements than men. You can read the Plaintiffs' Class Action Complaint at www.mnoclassaction.com.

6. How does MNO answer?

MNO denies that it did anything wrong and says that opportunities for hiring and promotion are equally available to women and men. MNO says that its policies are clear and that they neither allow, nor condone, discrimination against women. MNO says that women advanced as often as men, and that greater achievements are not necessary for women to qualify for a promotion. MNO's Answer to the Complaint is also at the website.

7. Has the Court decided who is right?

The Court hasn't decided whether MNO or the Plaintiffs are correct. By establishing the Class and issuing this Notice, the Court is not suggesting that the Plaintiffs will win or lose this case. The Plaintiffs must prove their claims at a trial starting Month 00, 0000. (See "The Trial" below on page 7.)

8. What are the Plaintiffs asking for?

The Plaintiffs are asking for changes in MNO's policies to ensure that women are treated fairly and equally in the workplace. They want MNO's policies to say that discrimination based on gender is banned. The Plaintiffs also want lost wages and money for emotional distress for Class Members.

9. Is there any money available now?

No money or benefits are available now because the Court has not yet decided whether MNO did anything wrong, and the two sides have not settled the case. There is no guarantee that money or benefits ever will be obtained. If they are, you will be notified about how to ask for a share.

WHO IS IN THE CLASS

You need to decide whether you are affected by this lawsuit.

10. Am I part of this Class?

Judge Jones decided that all women who were employed by MNO, Inc. as account executives (full time or part time) at any time from June 6, 1996, through July 15, 2003, are Class Members. She also specified that “temp” employees and independent contractors are *not* part of the class. See question 12 below.

11. Which current and former employees are included?

Former employees are in the Class as long as they were employed by MNO any time from June 6, 1996, through July 15, 2003. If you were hired after July 15, 2003—even if you are a current employee—you are not included. In other words, these women are included:

- **Women account executives currently employed by MNO who were hired on or before July 15, 2003.**
- **Women account executives no longer employed by MNO but who were employed by MNO any time from June 6, 1996, through July 15, 2003.**

12. Are any women who worked at MNO not included in the Class?

If you *worked at* MNO during the time period in question 10, but you were not directly *employed by* MNO, you are NOT a Class Member. Think about whether you were paid for your work at MNO by a temporary staffing service or an independent contractor for MNO. If so, you were not employed by MNO. If you were later hired by MNO after a temporary period, you may be part of the Class as long as MNO hired you on or before July 15, 2003.

13. I'm still not sure if I am included.

If you are still not sure whether you are included, you can get free help at www.mnoclassaction.com, or by calling or writing to the lawyers in this case, at the phone number or address listed in question 23.

YOUR RIGHTS AND OPTIONS

You have to decide whether to stay in the Class or ask to be excluded before the trial, and you have to decide this now.

14. What happens if I do nothing at all?

You don't have to do anything now if you want to keep the possibility of getting money or benefits from this lawsuit. By doing nothing you are staying in the Class. If you stay in and the Plaintiffs obtain money or benefits, either as a result of the trial or a settlement, you will be notified about how to apply for a share (or how to ask to be excluded from any settlement). Keep in mind that if you do nothing now, regardless of whether the Plaintiffs win or lose the trial, you will not be able to sue, or continue to sue, MNO—as part of any other lawsuit—about the same legal claims that are the subject of this lawsuit. This means that if you do nothing, you may only be able to sue for gender discrimination that occurred *before* June 6, 1996 or occurs *after* July 15, 2003 only. You will also be legally bound by all of the Orders the Court issues and judgments the Court makes in this class action.

15. Why would I ask to be excluded?

If you already have your own gender discrimination lawsuit against MNO and want to continue with it, you need to ask to be excluded from the Class. If you exclude yourself from the Class—which also means to remove yourself from the Class, and is sometimes called “opting-out” of the Class—you won't get any money or benefits from this lawsuit even if the Plaintiffs obtain them as a result of the trial or from any settlement (that may or may not be reached) between MNO and the Plaintiffs. However, you may then be able to sue or continue to sue MNO for employment discrimination that occurred or occurs at any time. If you exclude yourself, you will not be legally bound by the Court's judgments in this class action.

If you start your own lawsuit against MNO after you exclude yourself, you'll have to hire and pay your own lawyer for that lawsuit, and you'll have to prove your claims. If you do exclude yourself so you can start or continue your own lawsuit against MNO, you should talk to your own lawyer soon, because your claims may be subject to a statute of limitations.

Note that if you exclude yourself from this lawsuit and you are currently employed by MNO, any changes made to MNO's policies about the treatment of women would still apply to you.

16. How do I ask the Court to exclude me from the Class?

To ask to be excluded, you must send an “Exclusion Request” in the form of a letter sent by mail, stating that you want to be excluded from *Johnson v. MNO*. Be sure to include your name and address, and sign the letter. You must mail your Exclusion Request postmarked by **Month 00, 0000**, to: Johnson v. MNO Exclusions, P.O. Box 0000, City, ST 00000-0000. You may also get an Exclusion Request form at the website, www.mnoclassaction.com.

THE LAWYERS REPRESENTING YOU

17. Do I have a lawyer in this case?

The Court decided that the law firms of Lawfirm One, LLP, of City, ST, and Lawfirm Two, P.C., of City, ST, are qualified to represent you and all Class Members. Together the law firms are called "Class Counsel." They are experienced in handling similar cases against other employers. More information about these law firms, their practices, and their lawyers' experience is available at www.lawfirmone.com and www.lawfirmtwo.com.

18. Should I get my own lawyer?

You do not need to hire your own lawyer because Class Counsel is working on your behalf. But, if you want your own lawyer, you will have to pay that lawyer. For example, you can ask him or her to appear in Court for you if you want someone other than Class Counsel to speak for you.

19. How will the lawyers be paid?

If Class Counsel get money or benefits for the Class, they may ask the Court for fees and expenses. You won't have to pay these fees and expenses. If the Court grants Class Counsels' request, the fees and expenses would be either deducted from any money obtained for the Class or paid separately by MNO.

THE TRIAL

The Court has scheduled a trial to decide who is right in this case.

20. How and when will the Court decide who is right?

As long as the case isn't resolved by a settlement or otherwise, Class Counsel will have to prove the Plaintiffs' claims at a trial. The trial is set to start on Tuesday, Month 00, 0000, in the United States District Court for the District of State, 100 Court Street, City, State, in Courtroom 1. During the trial, a Jury or the Judge will hear all of the evidence to help them reach a decision about whether the Plaintiffs or Defendant are right about the claims in the lawsuit. There is no guarantee that the Plaintiffs will win, or that they will get any money for the Class.

21. Do I have to come to the trial?

You do not need to attend the trial. Class Counsel will present the case for the Plaintiffs, and MNO will present the defenses. You or your own lawyer are welcome to come at your own expense.

22. Will I get money after the trial?

If the Plaintiffs obtain money or benefits as a result of the trial or a settlement, you will be notified about how to participate. We do not know how long this will take.
